

A letter to your future self.

I born in the 2000 years, in my very beautiful country - Kazakhstan. The now I studying in 10 grade and want speaking in English the future. My hobbies - reading criminal and medicine books, watching the videos.

My letter future life: finish school, and I dream - professional working in the hospital. I love the medicines. Because the work - helping people in health.

Working the doctor is very needs work in the world. I sometimes walking my family, my friends in the village. My village the - about afternoon. And It don't a big, but school and elevators.

The next five years, I plans working and studying in medicine in the Amaty city. In the future, I see lives the America and very popular doctor dentist. I want see my happy parents.

I helping my family in Kazakhstan and drive in my house, my favourite village.
