Hello my future self. How are you now? Have you achieved ~~our~~ goals? I hope you have. At this moment I am interested in <sup>being</sup> chess, studying and, of course, learning English. But I don't know what I want from my future self now. I really have no idea who I will become and what I will do in the future. I hope you don't have any problems thanks to me, my future self. I think you already solved all my current problems and you're reading this letter with happy mood. I wish learning English helps you in 2028 and I didn't waste time for it. Actually, I would like to visit different countries in the future. I hope you are able to do it or you will be near to this goal. I think I already said what I wanted to say to my future self. I will work really hard to achieve my wishes and goals.
