### IV. Writing.

B). I think everybody of us have their own family. That loved you and they loved you too. They take the main role in our life. When our parents going to solve any problems they always have our ideas. And hear it. Especially I think teenagers should play in family decisions the main role. Because nowadays our teenagers are very developed people, children. Many part of teenagers have their own interests, hobbies, and they know how live more interesting, more happily. So parents should hear teenagers thinks, ideas, their own minds when they are going to solve any problems, decision-making.

Thanks for that teenagers will be more confident  
more positively, lively in their haw life. And they  
always be confident for theirs choices. For exam  
when they (love) choose universities, works, man or  
women. And they can achieved their dreams,  
sugeses. & Always wanted to work effectly.  
So I wanted to say about teenagers role in family  
decision. And I think my own opinion is right. And  
(help) help to save convenience (and) happily, comfort,  
influence, lively, positively family. I think every  
family have these. And live happily.
